eabin was removed from Re original sh at City Point, taken apart piece by piece with great care, and has been reconstructed thousany addition, substitution or variation of material or style, that it may retain, while it hasts, the the distribution of the state of the decimal appearance it presented when occupied by the great General during the memorable period of the siege of Petersburg and Riebmond.

Under this humble roof he passed days of h tiguing labor, and nights of more wearing care.
Those walls have between to the debates of his military council, to reports of the shock vine formues of battle. The tall and onguis torm of the late President often crossed its threshold to consult with Grant on the progress of the siege and the developments of the porcel compaigns whose glorious issue saved patriot statesman and military here with un

The soriginal familiars so far as preserved, will be restored to the cabin, which will be en-closed by a rustic tence, and the strictegt vigildice exercised to prevent depredations upor national treasures by the spolling hands of

Editors of Morning Herald:

The first death from the effects of the fire at the well on Lot No. 10, of the Holmden farm, oc curred, after latense suffering by the unfortunal lawyer, had been practicing at Oit City for a time after leaving home, and had recently come to Pithole as Superintendent of the leasing of own lots in Petrolia, on the Ball farm. We ha enjoyed his personal acquaintance but a short lime, but from the first had been unusually at-tracted towards him. Physically he was a noble peclures of manhood, and seemed possessed of are abilities, and in every sense of the word was—what comprehends a great deal—a yeatle the curve. Mr. Floyd was about forty years of age, and leaves a wife and family at Ningara Falls. We learn that the others because to at doubly mad estastrophe, are not improving as was hoped, though life still maintains its

to-day gives everything a lugubrious look. Pit-hole City manddy is a great contrast to Pubole City dry. It may not be known that as yet our sidewatks are in unite a crude state-in fact towise bet er than those the Complanter Indian nowise but or than those the complainter into a promenaded over, in the happy days of yore whet his handing grounds did not suffer from the rest less trend of the pule face. Of a pleasant evening, with streets dry, the scene on Holinden street reminds one of Broadway, not less by its similarity than by the contrast presented. The similarily than by the contract presence. The current and the combec-current to the people who seem to bare important business shead, with determined look and queleculus prec, make up the stollarily to the great metroportum thoroughdare, while the diet "pavement," lined vith incomplete wooden buildings and "ports establishments of our merclant princes in on

Two new wells are being tested to-daytwo new wens are nong tester to-my mini-bers eight and sixteen of the Holmdon farm. A little oil is obtained, which with the large amount of gas issuing from the inbing gives, promise of good wells after a little more coaxing. No. 36 is also shout to be tested. No. 37 has improved greatly. It would probably be safe to say that it flows and pumps one hundred and lifty barrels per day, while a much larger figure is claimed. No. 8 is 630 feet deep, or through the fourth sand rock, while No. 46 is only 603 feet deep. Th working interest of both is owned by private parties. A new well is reported at Paxion, on Little Pitholo, which, if true, inaugurates a new crain the history of that branch. But from dill

Pithole Oil Association" has been organized here, the design bodag a sort of stock company formed on interests in wells. The shares are ten dollars cach, which entities the holder to a proportionate interest in all wells bought into after payment of subscription. Properly managed, it cannot but be a good thing for the who desire to invest something in of any single interest at the present high prices.— The principal officers are: President, Dr. Bristol of Rochester, N. Y.; Secretary, Mr. Irwin; Tress urer, George S. Duncan, of Pittsburg. The se lection of these gentlemen as officers aught to be ample guaranty to the members of the association that their interests will be managed with ability and with good faith. There me Commit-tees on Finance, Ways and Meaus, and on luter veral hours, cos in Wells.

Ball & Fitzmatrick's Amnithentre-a combine lans in councetion with O'Hata & Hill's theare. It is really a first class "show," and the tent is

when he is the character.

We previously published a s'e' ...... to the effect that the owners of the well had proposed as informative that they would give a twenteth interest in the contribution. The Hall was rather previous a way of putting out the fire. We maderable however, that this was not the case. It was stappy given out by the proposeders that they would libers by roward the person who chould reader been such a service. No doubt a strength of the confidence of the co "good evening," leaving him \$8 in arrears for expenses. "Hunkideri" is leaving painted by New York artist of note, a panerame of the ol
